

Behavioral Assessment Team Policy

USG Policy 4a (2.00) | Approved September 2009, Revised September 2024

I. Purpose and Applicability

This policy applies to all faculty, staff and administrators who may need assistance interacting with disruptive or threatening individuals.

II. Definitions

- A. *Behavioral Assessment Team*: active team of staff members who provide resource information to other staff, faculty and administrators dealing with individuals who may be threatening, disruptive or otherwise problematic.

III. Policy Statement

- A. The Behavioral Assessment Team acts as a resource for campus faculty, staff, and administrators who are dealing with disruptive or threatening individuals. Members listen to their concerns and offer information about resources to address the problem. Team members are also available to brief home campus Behavioral Assessment or Threat Assessment Teams and to offer guidance on preventive steps that individuals and offices can use regarding these sorts of problems.
- B. The team is designed to provide information and referrals to those dealing with threatening or disruptive behaviors and situations. The team will make referrals to home campuses, the Montgomery County Police, or any other outside entity deemed appropriate. The Team is not an administrative, treatment or disciplinary body. It does not adjudicate, discipline, or impose sanctions against any member of the campus community, nor does it provide or mandate treatment.
